## -QUESTIONNAIRE-

February 2015

### INTRODUCTION:

Good morning/afternoon/evening. My name is ..... from Kappa Research an independent research company.

We are carrying out a nationwide survey on behalf of an academic team, looking at the general public's views about the Greek economic crisis and governmental austerity measures. All replies and any data retained for future research will be treated completely anonymously. The project has received ethical approval and scrutiny at the University of Strathclyde, Glasgow.

We would really appreciate it if you were willing to answer a few questions. Would you be able to respond to these questions now? For your time you would enter in a prize draw for an Ipad mini.
